

I am Arica L Wermer and I am in the running for Van Wert County Auditor challenging Jami Bradford and I am a long time resident of Van Wert County and have a long line of family here in Van Wert. I was born and raised in Van Wert and I come from a long line of farmers including the Pollocks and Keysors and a late Uncle Thomas Bockey who are still farmers today. With having family farmers I have been brought up with strong work ethics and accountability, and that is why I want to be your next Van Wert County Auditor. I am a 2000 graduate from Lincolnview High School and earned my Associate's Degree in Business Management at Rhodes State College in 2009. My husband and I have been married for 23 years both born and raised in Van Wert. We have two children a daughter 16 and a son who is 12 both attend Lincolnview High School. My husband has worked at the Van Wert County Corrections facility for 16 years and served in the military. My professional experience includes seven years at US Bank, where I gained valuable financial and customer service experience. I then served four years as the Executive Secretary for the City of Van Wert and now I am still serving as the Deputy Auditor with the City since 2021. These roles have given me hands-on knowledge of the local government. My greatest strength is my work ethic. I take pride in doing the job right and serving our community with honesty and dedication. As Van Wert County Auditor I am ready to continue working hard for the people of Van Wert County. Thank you for your support and I would be honored in being your next County Auditor.
